JEWELETT STORE AGAIN ROBBED

More than \$3000 Worth of Jewelry Secured by Burglars on San Antonio.

Burglars entered the store of the Jewelett jewelry company, 225-1-2 San Antonio street, between 10 o'clock Sunday night and 6 o'clock Monday morning, and escaped with between \$3000 and \$4000 worth of jewelry. At the same time the Richelien bar, at 225 San Antonio street, was robbed of two pistols and some whisky and wine.

Entrance to the two places was gained through a skylight over the Richelien bar, which is located in a one-story building. A pane of glass was removed and the burglars presumably let themselves down with a rope. Entrance to the jewelry store, which is located in a room partitioned off from the saloon, was simply a matter of opening a small window and cutting away the tin covering. A ladder led down from the opening. In order to reach the opening into the store the burglars placed a stool on the bar of the saloon. Care was taken not to scratch the bar, paper being placed under the stool.

Windows and Cases Rifled.

Charles C. Dawdoff, proprietor of the jewelry store, stated Monday morning that practically all the jewelry in the showcases and in the window was taken, and that the value of the goods missing is between \$3000 and \$4000. Among the jewelry missing are six dozen solid gold rings, 25 bracelet watches, 100 diamond scarf pins, four trays of gold car rings, brooches and studs, 40 pairs of solid gold cuff buttons. In addition a number of watches, in the repair shop belonging to customers are missing.

Safes Tampered With, Unopened.

There is evidence that the safes in both the jewelry store and the saloon were tampered with, but in neither case was any damage done. Mr. Dawdoff stated that he carries burglar insurance and that about one-third of his loss is covered.

Velarde Home Burglarized.

The residence of Jose Velarde, 1716 Montana street, was burglarized some time between 8 and 9:30 Sunday night and about \$200 worth of jewelry is missing.

Mr. Velarde stated Monday morning that when he went out about 5 o'clock he saw a man standing down the sidewalk in the vicinity of his home. He could not tell whether the man was an American or Mexican.

Upon his return at 9:30 he discovered that the house had been ransacked, and an investigation disclosed the fact that several valuable pieces of jewelry had been taken.

THREE ARRESTED IN THE KRESS CASE

City detectives Saturday night arrested Roscoe C. Tompkins, Carlos Cipres and Ynes Soto in connection with the robbery of the Kress store on the night of April 17, when \$1200 in small change was taken. Tompkins is said to have disclosed the hiding place of the loot in all change.

As soon as the robbery was reported, Billy Smith was put on the case. The discovery of the small change with which the safe was cracked was the clue upon which the search was started. Tompkins was shadowed for several days by Smith.

On Saturday the detective arranged with an acquaintance of the man to have Tompkins meet him on Santa Fe street. At 11 o'clock the time struck, followed by detective Howell Cobb, met Tompkins. Tompkins led him to a vacant room on San Francisco street, where \$1200 in small change was found.

Tomkins formerly worked in a safe-manufacturing firm, and with a familiarity with the mechanism of safes and vaults, it is said. When questioned, he stated that he had sent \$240 to a friend in No. 1000, and this, with the money found, was all he could account for, the detective said. The remainder, he claimed, had been stolen from him. He could not carry all of the loot at one time and left the bulk of it on the second landing of the stairway in the Roberts-Kress building. When he returned to get it, the money had disappeared.

Tompkins is said to have stated that he was in constant terror of being apprehended. He would have left the city, he is said to have stated, but for the fact that his wife was ill.

Tompkins is said to have implicated two Mexicans, Carlos Cipres and Ynes Soto. These men were later arrested by detective Fred Delgado and other officers.

DR. ROBERTS'S AUTO IS STOLEN AND STRIPPED OF ACCESSORIES

The automobile of Dr. A. B. Roberts, which disappeared Saturday night, was found Sunday in a pasture in the nation ranch, northeast of the city.

It had been stripped of accessories and Dr. Roberts estimates his loss at between \$25 and \$40.
